FRENCH CABINET MEETS.

The French cabinet and the members of the French peace delegation held a meeting today and exchanged views on the work being done by Polish diplomats.

The "free city of Danzig" will be created, virtually as an autonomous republic within the Polish state, and the Polish government will be given control of the territories of the Tenth Army.

In the case of offenses by the enemy affecting more than one country these national courts might unite to try them.

Reconsideration of Polish claims relative to Danzig has引起的 a discussion concerning the future status of that city which is considerably moreoward satisfying the demands than had been contemplated.

OBJECT TO PRINCIPLE.

The Americans objected to the principle that persons accused of offenses against "the laws of humanity" should be subjected to criminal prosecution, contending that the laws and principles of humanity constitute a standard too uncertain to be rightly applied in legal proceedings.

The principle that heads of states should be liable to criminal prosecution for breaches of positive law was another point in which they failed to agree with the Germans.

The American belief in this respect is that the essence of sovereignty lies in the fact that the head of a state is responsible for his illegal acts to his people from the highest to the lowest, and not to any foreign sovereignty.

This contention was not held to apply in the case of the head of a state who is abdicated for the war and as presented to the council of four, the report contains a memorandum setting forth the American contention.

SHIP CONTRACTS ARE CANCELLED.

Hurley Stops Two Million Tons Steel Vessels.

Long Beach Contractors are not Affected.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 25.—Cancellation of contracts made during the war for construction of 2,000,000 tons of steel ships was announced today by the Shipping Board, which is preparing to close government work in many yards throughout the country. This brings cancellations since the signing of the armistice to 4,900,000 tons.

In the brief announcement from the office of Chairman Hurley no reference was made to the actual amount of tonnage to be affected by the yards affected by the cancellation order. It was explained that action at this time would not come as fast as to build as nothing was served on those months ago.

At the end of March about 200 ships for the board had been launched, but not delivered. These ships had been laid down at 1,500,000. On the same date keels had been laid for some 500 ships, aggregating 3,000,000 tons. Shipping Board officials said that it was impossible to give the actual number of contracts outstanding or later work.

It is in sense a drum on the market.

(BY A. P. NIGHT WIRE.)

DULUTH (Minn.), April 25.—Great Northern officials advised the Pacific Committee of the Commercial Club today that the "sailing day" system of freight handling but into effect by the Railroad Administration as a war emergency measure would be against an individual's right to own property.

BLAME FRENCH BANKS FOR CARRANZA SNUB.

(BY A. P. NIGHT WIRE.)

NEW YORK, April 25.—After deliberating approximately five hours, the Federal jury which has been hearing the case of Albert Paul Pranke today found him not guilty of treason.

Before the case was given to the jury, one of the two counts in the original indictment had been ruled out by Judge Mayer. The count dismissed charged Pranke with giving aid and comfort to the Emperor of Germany.

The other charged him with aiding Karl Rodiger, German naval officer.

Of sixteen overt acts alleged in the second count, six were struck out.

The five which the jurors called upon to consider concerned money said by the government to have been given Rodiger by Pranke.

"Weep With Them That Weep"—Said Jesus, the Great Good Samaritan

Let Us Stand by Russia in This Her Hour of Need

A Cry for Help from Darkest Bleeding Russia to the Christian People of Los Angeles

April 24, 1919.

DEAR CHRISTIAN FRIEND—Kindly grant me a few moments of your time to read this letter.

I send it out with a heart heavily burdened with the miseries of my poor Russian people. Never in the past has Russia suffered as she is suffering now.

An awful fratricidal war, famine on every side, an ever-increasing hate of one class against the other, are filling the country with terror and dismay.

Sentenced at first to Siberia, and then banished by the Czar's Government abroad for my Gospel work in Petrograd and Moscow, I was privileged to come to the United States.

But my heart has remained in Russia. Every suffering of her peoples finds a response in my soul.

Knowing the Russian people as I do, I know that nothing but the Gospel of Jesus Christ will bring peace to their hearts.

To carry out that purpose the Lord has graciously enabled me to establish the Russian Bible Institute at Philadelphia, and the Russian Missionary Society.

We have this year about sixty splendid Russian students preparing for the Lord's work in Russia.

We house, feed and teach them. What they can they have paid themselves. Most of them are too poor to do so.

It costs \$250.00 to support a student for a year; \$1000 for the full course of four years.

The buildings have cost quite an amount, also the equipment, and now I am praying that we may be able to wipe out the whole of the indebtedness on the work, amounting to \$41,970.55.

The care of this work, the burdens for my people, have often been very heavy, almost too heavy to bear, but I still rejoice and look toward the hills whence cometh our help.

Will you help us by your prayers? And if the Lord speaks to your heart, also in some other way? Even a kind, encouraging word or a letter sometimes means so much. And your gift, be it ever so small, will show us that you sympathize in our heart's effort to evangelize the 182,000,000 of Russians.

Will you enable me to educate these Russian missionaries and to return with them to our needy native land as your messengers for the Gospel of Christ?

Yours in His sufferings for the lost sheep of Israel, and "other sheep,"

WILLIAM FETLER,

Pastor of the Dom Evangelia Mission of Petrograd and President Russian Bible and Educational Institute of Philadelphia.

"Inasmuch as ye have done it unto one of the least of these My brethren, ye have done it unto Me."

—JESUS.

SPOKANE IS HOST TO OVERSEAS VETERANS

BY A. P. NIGHT
SPOKANE, April 25.—Spokane was host to 500 overseas veterans of Washington and Oregon for the second annual State fair. The Three Rivers Division of the American Legion, which has adopted here as its "home" to Camp Lewis, Tacoma, after a brief stay at Coeur d'Alene, N. J.,

All of them were welcomed when they arrived in the city at luncheon time. The welcome was put into words by George Knepper, pastor of First Christian Church here, and Mayor C. M. French, who presided. At the suggestion of Mr. Knepper, the officers and men present stood to drink a toast to their 100 comrades whom they left behind, underneath poplars of France.

WILL AND THE WEST.

It was said it is his policy to do everything within reason to develop the commerce of the country through the Pacific ports, to develop commerce in the West rather than to induce too great competition.

The railroad head declared squarely against rate increases, at this point in the debate, which has been considerable, in view of the fact that the deficit, which has been considerable, in

months of this year is due to abnormal conditions consequent upon the war.

The Railroad Administration had equipped itself to handle enormous amount of traffic and was prepared to meet whatever might be made if the war continued for one or more years.

The railroads, which were filed by Oscar Lawler, attorney for the defendants in the contest, also alleged that Charles H. McGwire of the City Engineer's department, named as special administrator of the estate, is "violently, energetically and vigorously partisan" and is otherwise incompetent to act.

FRAUD ALLEGED IN WILL FIGHT.

*Administrator Said to Have Got Letters Improperly.**Browbeating of Witnesses is Another Charge Made.**Affair of Mrs. Kafitz and Auto Dealer Also Set Forth.*

BY A. P. NIGHT
SEWARD (Alaska), April 25.—The National Geographic Society's sixth expedition, sent to explore the "valley of ten thousand smokes" volcano region of Alaska, has now arrived at Kodiak Island, where Prof. Robert F. Griggs, heads the party, and other members were said to have been well received and left to visit the McNeil River last Tuesday, according to word received here today by wire.

After leaving Kodiak the party

TO REDUCE NUMBER.

that his business now is to handle the system to the best pos-

sible and that his views on the return to private ownership are

not official, Mr. Hines declared in favor of reducing the

railroad companies to a small number, twelve to twenty, so

as to make it easier to compete.

Competition is advisable, he said, and must be revised. One

of the main points of his

plan is to have two or three competing lines.

Mr. Hines, chairman of the Chamber of Commerce committee of conventions. Before introducing the speaker he presented

products, Edward Chambers, director of division of traffic,

and James E. Thompson, manager of the Los Angeles thirty years ago, and Max Thelen, director of the public service.

He meeting Mr. Thelen assured inquirers that the Pacific Coast

is apprehension concerning export rates. A conference will

Washington early in May, he said, and at that time the facts

will be submitted and discussed.

"It is important that the matter

be beyond me," he said. "I am

not going to testify in court."

STORY OF CASE.

Mr. and Mrs. Kafitz separated after a wordy battle during which Mrs. Kafitz shot her husband three times. She said her refuge was Liberty Bonds. Mr. Kafitz sought and obtained an interlocutory decree of divorce, but died before it became final. Special letters of administration issued to McGwire caused it to be continued until Monday. In this petition it is alleged that McGwire attempted to fraud on the court by the admission of letters, because he knew that a will existed at the time he got the letters. He was ordered to appear on May 3 to show cause why the letters should not be revoked.

It is also alleged that McGwire sought to "blackmail" Dr. J. C. Solomon, physician for Kafitz, and his wife, and to interfere in the affairs of the physician's office and that McGwire said he would not let him go unless he was patient, but that the physician termed the affair as "blackmail."

The three then left, it is alleged.

McGwire is also said to have tried to induce Capt. J. D. Hunter, Kafitz's body-guard, to testify in court.

PASTORS BACK FROM WAR.

Discharged Army Chaplains Occupy Pulpits; Interesting Sermon Topics.

That the service men are coming from their own in civil life, not only in labor and politics, but in the field of religion, is evident from the fact that pastors who left their posts at duty's call are beginning to assume their old charges, and many new members are being added to the body ministerial.
